Oliver Lehmann, PMP, from Ismaning, Germany, developed for our company a seminar "Project Management –The Core Processes".
This seminar covers the core processes described in the Project Management Institute's "Guide to the Project Management Body of Knowledge". The processes belong to the process groups

- Initiating
- Planning
- Executing
- Controlling
- Closing

and to the knowledge areas

- Project Integration Management
- Project Scope Management
- Project Time Management
- Project Cost Management
- Project Communications Management

The seminar further discussed how to transfer the processes into real project life using the software solution Microsoft Project.

The seminar was well received by the attendants.
